## Creation Ordinal Number Match-Up

This is a quick and easy introduction to ordinal numbers. Have the student match the words with the ordinal numbers. If your child is not sure what to do, read the first ordinal number in the right column to them. Ask them what word starts with the sound, “th.” Use your finger to point to the first word at the top of the left-hand column. Does this word begin with the sound, “th?” Walk them through it if they are not sure. Have fun and happy learning!
