3rd Day of Creation Activity Sheet

When teaching a younger group of preschoolers, it can be hard to find crafts that allow you to teach the intended Bible story while keeping little minds attention. 2-3-year-old toddlers love to use glue sticks. This activity sheet does take some prep on your part, but it can be a great activity for a group or just for your own child. If you are teaching a group, each child will need a copy of page 2. Then you will want to print out the clipart on pages 3 or 4 depending on if you want colored images.

If you are wanting to cut down on printing, you can always use green construction paper to cut out bushes and add some flower stickers or color some.

On the 3rd day...

And God called the dry land Earth; and the gathering together of the waters called he Seas: and God saw that it was good. And God said, Let the earth bring forth grass, the herb yielding seed, and the fruit tree yielding fruit after his kind, whose seed is in itself, upon the earth: and it was so. Genesis 1: 10-11
