Finding Nemo Sight Words Cards

I made these sight word cards when we were studying about ocean animals. I printed them out on card stock and cut them out. If you want them to be more durable than I would encourage you to laminate them. We also made a fish tank for them by adding blue construction paper to the outside of a coffee can and writing, "Fish live in water." I cut a slit in the top of the can. This allowed for my younger child to use the cards as a game. For a toddler, it can become a game to pick up the cards and fit them into the slot of the can. Happy learning!
