

Hi! Thank you for visiting thehomeschooldaily.com ! So glad you were able to find a school tool you can use. Please feel free to use this activity for your own personal use or if you are the main teacher in a coop setting. I provide this free resource to encourage others to homeschool their own.

If you would like to share the file with others, I ask that you share by sending them a link to my website or to the page that hosts the file. Please do not send them a link directly to just the PDF file (the file you are at now).

You may not sell, copy, or alter my files as your own. You may not host my files on your own website without linking them to thehomeschooldaily.com or giving proper attribution to thehomeschooldaily.com.

May you be blessed on your homeschooling journey. Happy learning!

Mean, Median, Mode, and Range Practice Problems

This activity sheet is the perfect practice sheet. It provides the student with 6 example data number sets. The student is given the opportunity to practice finding mean, median, mode, and range. You may want to walk through the steps with your student practicing with them how to find mean, median, mode, and range. If you need a refresher, use the Mean, Median, Mode and Range Slideshow. Happy learning!

Mean, Median, Mode, and Range Practice Problems

Find the mean, median, mode and range of each of the number sets. Use a calculator.
