

Hi! Thank you for visiting thehomeschooldaily.com ! I am so glad you were able to find a school tool you can use. Please feel free to use this activity for your own personal use or if you are the main teacher in a coop setting. I provide this free resource to encourage others to homeschool their own.

If you would like to share the file with others, I ask that you share by sending them a link to my website or to the page that hosts the file. Please do not send them a link directly to just the PDF file (the file you are at now).

You may not sell, copy, or alter my files as your own. You may not host my files on your own website without linking them to thehomeschooldaily.com or giving proper attribution to thehomeschooldaily.com

May you be blessed on your homeschooling journey.

♥ Marie

Transportation Count & Circle Sheets – Set of 3

The Transportation Count & Circle sheets are straight forward and easy to use. The whole purpose of the math sheets is to practice counting on their own and being able to circle the answer independently. Your child still may need help discerning the correct answer... then practice makes perfect. For those students who are transitioning to independent counting, this activity will give them confidence without overwhelming them. Happy learning! 😊

Count the cars and circle the correct number below.
