

Hi! Thank you for visiting thehomeschooldaily.com ! So glad you were able to find a school tool you can use. Please feel free to use this activity for your own personal use or if you are the main teacher in a coop setting. I provide this free resource to encourage others to homeschool their own.

If you would like to share the file with others, I ask that you share by sending them a link to my website or to the page that hosts the file. Please do not send them a link directly to just the PDF file (the file you are at now).

You may not sell, copy, or alter my files as your own. You may not host my files on your own website without linking them to thehomeschooldaily.com or giving proper attribution to thehomeschooldaily.com .

May you be blessed on your homeschooling journey.

♥ Marie

What is Magnetic? Lab

This is a fun hands-on lab that does not require the mess that comes along with a lot of other science explorations. All you need is a household magnet and of course your home for your child to go explore items that are magnetic. IF they struggle finding items to test, help them locate other items that are magnetic. You may want to have a selection of items for them to test already prepared. Happy learning!

What is Magnetic?

Find 10 things around the house that are magnetic. Record your data.

1.)

2.)

3.)

4.)

5.)

6.)

7.)

8.)

9.)

10.)

Did any of the items surprise you? _____
