

Hi! Thank you for visiting [thehomeschooldaily.com](http://thehomeschooldaily.com) ! So glad you were able to find a school tool you can use. Please feel free to use this activity for your own personal use or if you are the main teacher in a coop setting. I provide this free resource to encourage others to homeschool their own.

If you would like to share the file with others, I ask that you share by sending them a link to my website or to the page that hosts the file. Please do not send them a link directly to just the PDF file (the file you are at now).

You may not sell, copy, or alter my files as your own. You may not host my files on your own website without linking them to [thehomeschooldaily.com](http://thehomeschooldaily.com) or giving proper attribution to [thehomeschooldaily.com](http://thehomeschooldaily.com).

May you be blessed on your homeschooling journey.

♥ Marie

### **Types of a Volcano Table**

The Types of Volcano Table is effective at comparing the 3 different types of volcanoes. Use the Types of Volcanoes slideshow to help you complete the table. The table requires the student to describe, give examples, and draw a model of each type of volcano.

# Types of Volcanoes

	Write a description of the volcano.	Example	Draw a model of the volcano.
Composite Volcano			
Shield Volcano			
Cinder Cone Volcano
