### **United States Flagpole Craft**

The United States flagpole craft is a great way for your child to create their own flag. The flag is perfect for little hands. Mine held theirs on their walk through the neighborhood. Now, the flags have found homes in my house plants. All you need to make your own American flag is the printout, a wooden dowel, tape, and some glue. Make sure to cut around the gray-lined white flap and then use it to adhere the flag to the dowel with tape and glue. Happy learning!

Cut around the gray lines and the flag. You will use this white flap to adhere your flag to the craft stick.
