

Hi! Thank you for visiting thehomeschooldaily.com ! So glad you were able to find a school tool you can use. Please feel free to use this activity for your own personal use or if you are the main teacher in a coop setting. I provide this free resource to encourage others to homeschool their own.

If you would like to share the file with others, I ask that you share by sending them a link to my website or to the page that hosts the file. Please do not send them a link directly to just the PDF file (the file you are at now).

You may not sell, copy, or alter my files as your own. You may not host my files on your own website without linking them to thehomeschooldaily.com or giving proper attribution to thehomeschooldaily.com .

May you be blessed on your homeschooling journey. Happy learning!

Marie

Omnivore, Herbivore, and Carnivore Posters

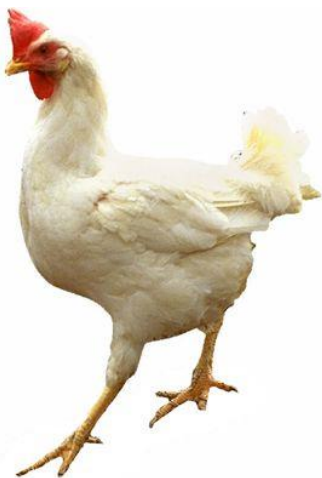

Each poster features either an omnivore, herbivore, or carnivore and what it is they may eat. These posters are great when helping students get a quick understanding of what each group eats and represents. I laminate mine for durability. Happy learning!

Herbivores eat
plants only

Omnivores
eat meat
and plants

Carnivores
eat meat
only
