### **Days of the Week Cut & Paste Activity**

Days of the Week Cut & Paste Activity is a perfect activity for kindergarten and 1<sup>st</sup> grade students. This is one of the many activities we complete during our study of the Days of the Week. Cut the 1<sup>st</sup> sheet out vertically on the gray dotted line in the middle & on the top right side. Then glue or tape the paper on the right over the slip on the left side so that the length of the paper doubles. Cut out the days of the week below and use them to paste in the correct order above. Match the color of the days to the color of the corresponding square. Happy learning!
