

Hi! Thank you for visiting thehomeschooldaily.com ! So glad you were able to find a school tool you can use. Please feel free to use this activity for your own personal use or if you are the main teacher in a coop setting. I provide this free resource to encourage others to homeschool their own.

If you would like to share the file with others, I ask that you share by sending them a link to my website or to the page that hosts the file. Please do not send them a link directly to just the PDF file (the file you are at now).

You may not sell, copy, or alter my files as your own. You may not host my files on your own website without linking them to thehomeschooldaily.com or giving proper attribution to thehomeschooldaily.com .

May you be blessed on your homeschooling journey. Happy learning!

Daily Task Sheets

These Daily Task Sheets are basic, but completely functional and practical. Use these to keep track of your student's progress and work on a daily/weekly basis. Print one out for each of your students. Write the tasks for each subject that they should accomplish for each day. We like to cross our tasks out as they have been completed. Once the week is done, store your records in a 3-ring hole puncher. By the end of the year, you can easily see what the child has obtained in objectives and tasks.
