

Hi! Thank you for visiting [thehomeschooldaily.com](http://thehomeschooldaily.com) ! I am so glad you were able to find a school tool you can use. Please feel free to use this activity for your own personal use or if you are the main teacher in a coop setting. I provide this free resource to encourage others to homeschool their own.

If you would like to share the file with others, I ask that you share by sending them a link to my website or to the page that hosts the file. Please do not send them a link directly to just the PDF file (the file you are at now).

You may not sell, copy, or alter my files as your own. You may not host my files on your own website without linking them to [thehomeschooldaily.com](http://thehomeschooldaily.com) or giving proper attribution to [thehomeschooldaily.com](http://thehomeschooldaily.com) .

May you be blessed on your homeschooling journey.

*Marie*

### **Anatomy of a Bird – Fill in the Blank**

Anatomy of a Bird Activity Sheets offers 6 different worksheets to use for multiple aged students. For those students who are not quite ready for writing legibly, you may appreciate the 1<sup>st</sup> set that allows for your student to cut out the words at the bottom for pasting or you may find the coloring sheet most appropriate. There are two more sets using a blue bird as the subject. The last set offers more detailed parts of the bird. Most of the parts of the bird will seem self explanatory. There are a few that may stump your kiddo. Use the answer key to help guide you and yours to learn the parts of a bird. Happy learning!
