Top 20 Backyard Birds in Georgia Reference Sheet

This poster featuring the Top 20 Backyard Birds in Georgia was created as a reference for those students learning about the birds that frequent their backyard bird feeders. Since last spring, we have enjoyed watching countless birds visit the bird feeders sitting outside our kitchen window. It was only a matter of time before we were all curious to learn the names of the new visitors. Thank you to Greg Gillson from the blog, "What Birds are in my backyard?" It was his thoroughness and wealth of information that made this list possible. Thank you also to the photographers at Pixabay for their amazing and free photos. You have the option of printing out the reference sheet solely for comparison purposes or printing out the blank sheet and then cutting, pasting, and deciphering what bird is which. Happy homeschooling!
