MEGA 50 Nature Scavenger Hunt

The MEGA 50 Nature Scavenger Hunt was created to promote some good ol' fashion fun amongst a group of kids. Our group was rather large, so we divided them into teams. The goal was to see which team could collect as many of the items on the scavenger hunt in a certain amount of time. Not only was the team to find the nature items, but they were also encouraged to tape the items onto a poster board for display. This is a fun activity for all ages. It can be used in a homeschool co-op setting, fall party, or with any group of friends willing to enjoy the great outdoors!
