Star Wars Cartoon Valentine Cards

This set of 10 Star Wars Cartoon Valentine Cards was created for fun. There was no set design theme or specific graphics used. We used a mix of fonts and graphics. Thank you Clipart Library for our graphics. With the help of my kids, we had fun making these for an upcoming Valentine's Day party with friends. These printable Star Wars Valentines are meant to be printed 4 or 6 to a page. You can easily pick and choose the ones you want to print. You will need to go into your printer settings to set that up. I recommend printing them on cardstock. Once printed, cut them out equally. I suggest using a paper cutter if you have one. We adhered an array of candies, heart pencils, and glow-in-the-dark bracelets to our Valentines. My kids added their name to the bottom of the card too with a "From _____."

Have fun and Happy Valentine's Day!
