Simple Tree Craft...

This craft is easy to implement and is a fun way to encourage your kids to get outside. First, we went outside and gathered leaves from trees, bushes, and some that had fallen on the ground.

Next, we went inside and arranged our leaves on the printed-out trees. Some of us used the same leaves while others mixed up their leaves. In the end, there were several different-looking creations. They were all one-of-a-kind trees!

While everyone arranged and glued their leaves, I talked to them about the changing of the seasons and why leaves fall. We talked about the difference between evergreen and deciduous trees. It was a fun and educational conversation.

Have fun with it!

Blessings!
Marie
